SITE 6 PROFILE:

Water Sources: W=washer
- Washing Machine K=kitchen
- Kitchen Sink T/S=tub/shower
- Bathroom #1 Tub/Shower

Storage:
- Holding Tank: 33 gal. surge
- Filter: nylon stocking

WATER PROVIDER: TW

Household Makeup:
- Middle Age (35 - 64)__1
- Young Adults(20 - 34)__1
- Pre-schoolers (0-5) ___1
- in diapers: YES

Vectors:
- KIDS
- WASHING DIAPERS
- FAMILY PET: 1Cat, 4 Chickens,
- BIRD FEEDER:
- NEIGHBORHOOD PETS: DOGS

Application:
- Surface - Flood Irrigate
- Subsurface

Used on:
- Ornamental Tree
- Fruit/Citrus Tree

Age of System: 3 years

Area Irrigated: 3 tree wells, garden area,

Amt. of Discharge: 3 loads/week from washer. Other unknown.

Misc.
- * Maytag Neptune H-axis Washer
- • They have a separate discharge from their washer, kitchen sink, and tub/shower. We are sampling from each.
- • They have a lot of composted soil and rich organic matter around all their plantings.

9/1/99 - This couple may have separated

9/12/99 - Neptune washer is gone, no graywater available from that or any other sources.

01/18/00
